Name: _____ Date: _____

Add and Subtract within 100 Using Strategies - Medium

Add or subtract using place value. Show the tens and ones.

1. 96 - 59 = ____
2. 44 + 27 = ____
3. 46 - 14 = ____
4. 12 + 40 = ____
5. 18 + 27 = ____
6. 17 + 30 = ____

Use a number line: jump by tens, then by ones. Show each jump.

7. 32 + 29 = ____
8. 70 + 21 = ____
9. 31 + 33 = ____
10. 34 + 18 = ____

Name: _____ Date: _____

Fresh Math

Add and Subtract within 100 Using Strategies - Medium

Use a number line: jump by tens, then by ones. Show each jump.

11. 45 + 39 = ____

12. 46 - 26 = ____

Solve each word problem. Use a strategy and write a number sentence.

13. Mia has 50 stickers. Mia gets 15 more. How many stickers does Mia have now?

14. Leo read 73 pages. Jo read 51 pages. How many more pages did Leo read?

15. A class has 56 crayons. They use up 17. How many crayons are left?

16. A class has 71 crayons. They use up 21. How many crayons are left?

17. Leo had some marbles. Leo found 21 more and now has 62. How many marbles did Leo have at first?

18. Ben has 48 stickers. Ben gets 30 more. How many stickers does Ben have now?

19. Ben read 56 pages. Jo read 23 pages. How many more pages did Ben read?

20. A class has 43 crayons. They use up 17. How many crayons are left?

Add and Subtract within 100 Using Strategies - Medium - Answer Key

1. 96 - 59 = _____
   37 (96 - 50 = 46, 46 - 9 = 37)

2. 44 + 27 = _____
   71 (40 + 20 = 60, 4 + 7 = 11, 60 + 11 = 71)

3. 46 - 14 = _____
   32 (46 - 10 = 36, 36 - 4 = 32)

4. 12 + 40 = _____
   52 (10 + 40 = 50, 2 + 0 = 2, 50 + 2 = 52)

5. 18 + 27 = _____
   45 (10 + 20 = 30, 8 + 7 = 15, 30 + 15 = 45)

6. 17 + 30 = _____
   47 (10 + 30 = 40, 7 + 0 = 7, 40 + 7 = 47)

7. 32 + 29 = _____
   61 (32 + 20 = 52, 52 + 9 = 61)

8. 70 + 21 = _____
   91 (70 + 20 = 90, 90 + 1 = 91)

9. 31 + 33 = _____
   64 (31 + 30 = 61, 61 + 3 = 64)

10. 34 + 18 = _____
    52 (34 + 10 = 44, 44 + 8 = 52)

Add and Subtract within 100 Using Strategies - Medium - Answer Key

11. 45 + 39 = ____
    84 (45 + 30 = 75, 75 + 9 = 84)

12. 46 - 26 = ____
    20 (46 - 20 = 26, 26 - 6 = 20)

13. Mia has 50 stickers. Mia gets 15 more. How many stickers does Mia have now?
    50 + 15 = 65 stickers

14. Leo read 73 pages. Jo read 51 pages. How many more pages did Leo read?
    73 - 51 = 22 pages

15. A class has 56 crayons. They use up 17. How many crayons are left?
    56 - 17 = 39 crayons

16. A class has 71 crayons. They use up 21. How many crayons are left?
    71 - 21 = 50 crayons

17. Leo had some marbles. Leo found 21 more and now has 62. How many marbles did Leo have at first?
    62 - 21 = 41 marbles

18. Ben has 48 stickers. Ben gets 30 more. How many stickers does Ben have now?
    48 + 30 = 78 stickers

19. Ben read 56 pages. Jo read 23 pages. How many more pages did Ben read?
    56 - 23 = 33 pages

20. A class has 43 crayons. They use up 17. How many crayons are left?
    43 - 17 = 26 crayons
