Name: _____ Date: _____

Composing Shapes - Medium

Count the small shapes that make each big shape.

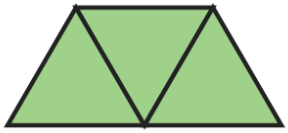

1. How many triangles make this trapezoid?

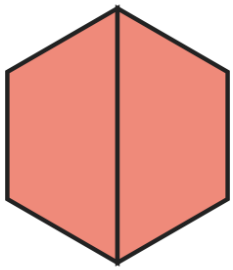

2. How many squares make this rectangle?

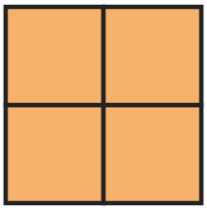

3. The 3 triangles make what big shape?

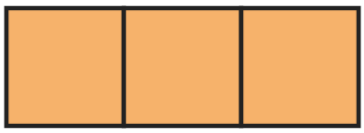

4. How many trapezoids make this hexagon?

5. How many squares make this square?

6. How many squares make this rectangle?

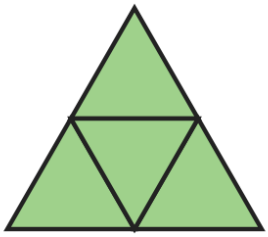

Name: _____ Date: _____

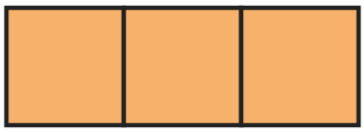

Composing Shapes - Medium

Count the small shapes that make each big shape.

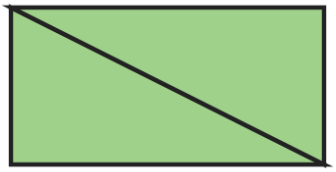

7. The 4 triangles make what big shape?

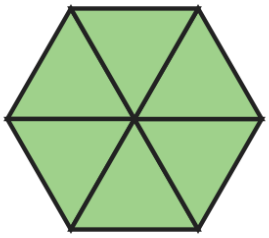

8. The 3 squares make what big shape?

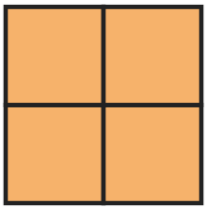

9. The 2 triangles make what big shape?

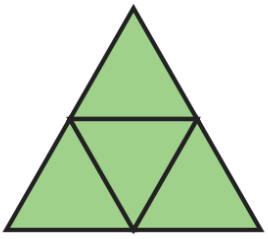

10. The 6 triangles make what big shape?

11. The 4 squares make what big shape?

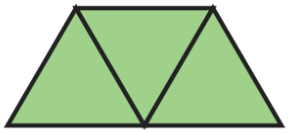

12. How many triangles make this triangle?

Composing Shapes - Medium - Answer Key

1. How many triangles make this trapezoid?

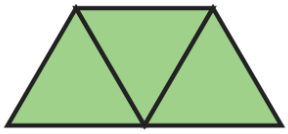

3

2. How many squares make this rectangle?

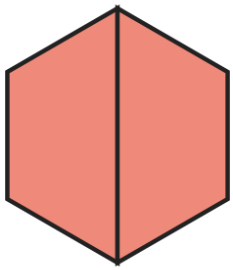

2

3. The 3 triangles make what big shape?

trapezoid

4. How many trapezoids make this hexagon?

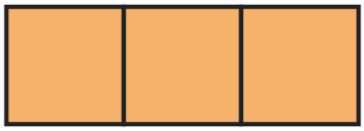

2

5. How many squares make this square?

4

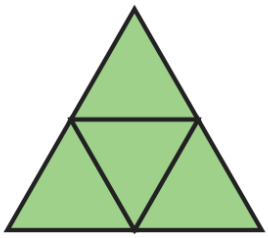

6. How many squares make this rectangle?

3

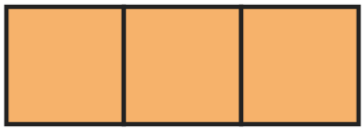

Composing Shapes - Medium - Answer Key

7. The 4 triangles make what big shape?

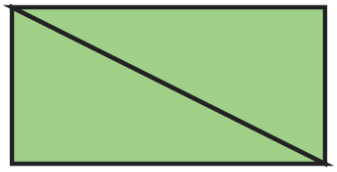

triangle

8. The 3 squares make what big shape?

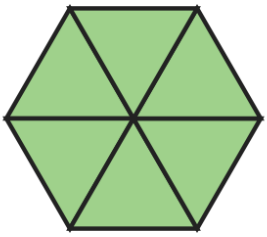

rectangle

9. The 2 triangles make what big shape?

rectangle

10. The 6 triangles make what big shape?

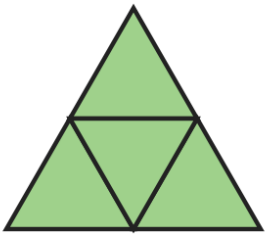

hexagon

11. The 4 squares make what big shape?

square

12. How many triangles make this triangle?

4
