Shapes Within Shapes - Medium

What shapes make up each figure, and how many are there?

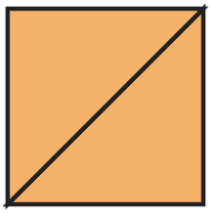

1. This hexagon is made of what shapes? How many?

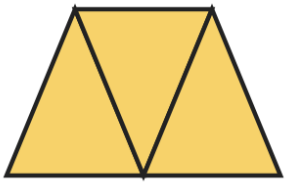

2. This square is made of what shapes? How many?

3. This square is made of what shapes? How many?

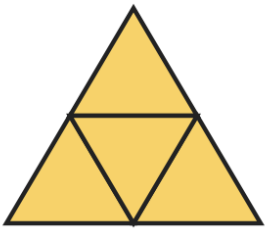

4. This trapezoid is made of what shapes? How many?

5. This rectangle is made of what shapes? How many?

6. This triangle is made of what shapes? How many?

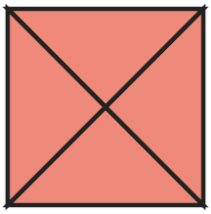

Name: _____ Date: _____

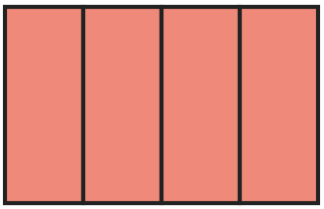

Shapes Within Shapes - Medium

What shapes make up each figure, and how many are there?

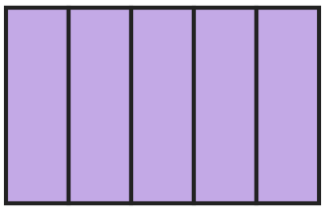

7. This square is made of what shapes? How many?

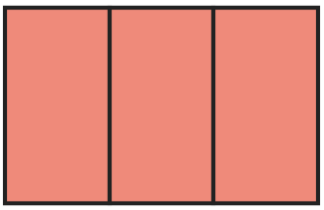

8. This rectangle is made of what shapes? How many?

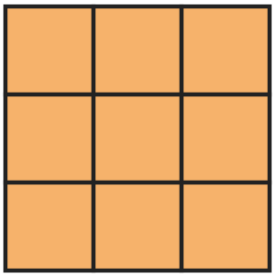

9. This rectangle is made of what shapes? How many?

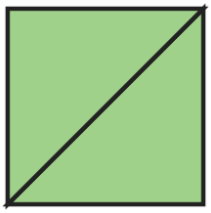

10. This rectangle is made of what shapes? How many?

11. This square is made of what shapes? How many?

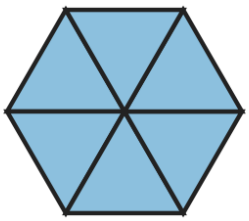

12. This square is made of what shapes? How many?

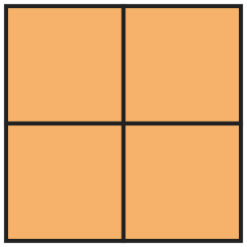

Shapes Within Shapes - Medium - Answer Key

1. This hexagon is made of what shapes? How many?

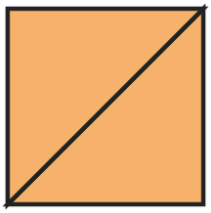

6 triangles

2. This square is made of what shapes? How many?

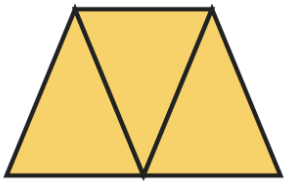

4 squares

3. This square is made of what shapes? How many?

2 triangles

4. This trapezoid is made of what shapes? How many?

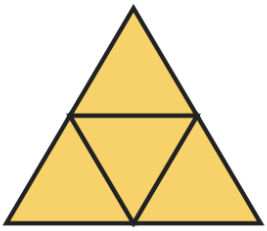

3 triangles

5. This rectangle is made of what shapes? How many?

2 rectangles

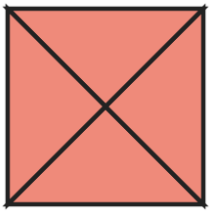

6. This triangle is made of what shapes? How many?

4 triangles

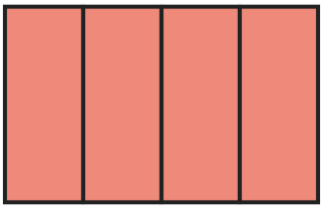

Shapes Within Shapes - Medium - Answer Key

7. This square is made of what shapes? How many?

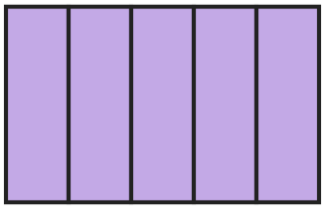

4 triangles

8. This rectangle is made of what shapes? How many?

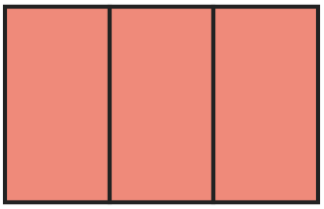

4 rectangles

9. This rectangle is made of what shapes? How many?

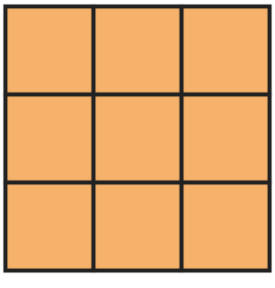

5 rectangles

10. This rectangle is made of what shapes? How many?

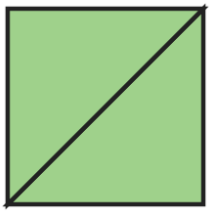

3 rectangles

11. This square is made of what shapes? How many?

9 squares

12. This square is made of what shapes? How many?

2 triangles
