Decimal Place Value Intro - Medium

Find the digit in the named place. The places after the decimal point are tenths, hundredths, thousandths.

11. What digit is in the ones place of 1.167?

12. What digit is in the tenths place of 7.671?

13. What digit is in the thousandths place of 9.239?

14. What digit is in the ones place of 1.247?

15. What digit is in the thousandths place of 42.142?

16. What digit is in the tenths place of 5.144?

17. What digit is in the hundredths place of 93.695?

18. What digit is in the ones place of 30.883?

19. What digit is in the ones place of 4.731?

20. What digit is in the tenths place of 8.498?

Decimal Place Value Intro - Medium - Answer Key

1. What digit is in the thousandths place of 35.312?
   2
2. What digit is in the tenths place of 33.924?
   9
3. What digit is in the thousandths place of 93.365?
   5
4. What digit is in the thousandths place of 17.656?
   6
5. What digit is in the tenths place of 35.275?
   2
6. What digit is in the ones place of 81.264?
   1
7. What digit is in the tenths place of 56.455?
   4
8. What digit is in the thousandths place of 16.586?
   6
9. What digit is in the tenths place of 27.108?
   1
10. What digit is in the thousandths place of 67.519?
    9

Decimal Place Value Intro - Medium - Answer Key

11. What digit is in the ones place of 1.167?
    1

12. What digit is in the tenths place of 7.671?
    6

13. What digit is in the thousandths place of 9.239?
    9

14. What digit is in the ones place of 1.247?
    1

15. What digit is in the thousandths place of 42.142?
    2

16. What digit is in the tenths place of 5.144?
    1

17. What digit is in the hundredths place of 93.695?
    9

18. What digit is in the ones place of 30.883?
    0

19. What digit is in the ones place of 4.731?
    4

20. What digit is in the tenths place of 8.498?
    4
